### CBXU-1G5980-JU

Juniper Networks<sup>®</sup> Compatible TAA 1000Base-CWDM HD1 SFP Transceiver (SMF, 1590nm LTx/HRx, 80km, LC, DOM)

## Features:

- INF-8074 and SFF-8472 Compliance
- Simplex LC Connector
- Single-mode Fiber
- Commercial Temperature 0 to 70 Celsius
- Hot Pluggable
- Metal with Lower EMI
- Excellent ESD Protection
- RoHS Compliant and Lead Free

#### **Applications:**

- Gigabit Ethernet over CWDM
- 1x Fibre Channel
- Access, Metro and Enterprise

## **Product Description**

This Juniper Networks<sup>®</sup> SFP transceiver provides 1000Base-CWDM HD1 throughput up to 80km over single-mode fiber (SMF) using a wavelength of 1590nm LTx/HRx via an LC connector. It is guaranteed to be 100% compatible with the equivalent Juniper Networks<sup>®</sup> transceiver. This easy to install, hot swappable transceiver has been programmed, uniquely serialized and data-traffic and application tested to ensure that it will initialize and perform identically. Digital optical monitoring (DOM) support is also present to allow access to real-time operating parameters. This transceiver is Trade Agreements Act (TAA) compliant. We stand behind the quality of our products and proudly offer a limited lifetime warranty.

ProLabs' transceivers are RoHS compliant and lead-free.

TAA refers to the Trade Agreements Act (19 U.S.C. & 2501-2581), which is intended to foster fair and open international trade. TAA requires that the U.S. Government may acquire only "U.S. – made or designated country end products."

Rev. 022825

# Absolute Maximum Ratings

| Parameter                    | Symbol | Min.   | Тур. | Max. | Unit  | Notes |
|------------------------------|--------|--------|------|------|-------|-------|
| Maximum Supply Voltage       | Vcc    |        | 4.0  |      | V     |       |
| Storage Temperature          | Tstg   | -40    |      | 85   | °C    |       |
| Operating Case Temperature   | Тс     | 0      |      | 70   | °C    |       |
| Relative Humidity            | RH     | 5      |      | 95   | %     | 1     |
| Power Supply Noise Rejection | PSNR   |        |      | 100  | mVp-p | 2     |
| Power Supply Current         | Icc    |        |      | 550  | mA    | 3     |
| Data Rate                    | DR     | 1.0625 |      | 1.25 | Gbps  |       |

#### Notes:

- 1. Without dew.
- 2. Cooled type.
- 3. From 100Hz to 1MHz.

### **About ProLabs**

Our experience comes as standard; for over 15 years ProLabs has delivered optical connectivity solutions that give our customers freedom and choice through our ability to provide seamless interoperability. At the heart of our company is the ability to provide state-of-the-art optical transport and connectivity solutions that are compatible with over 90 optical switching and transport platforms.

#### **Complete Portfolio of Network Solutions**

ProLabs is focused on innovations in optical transport and connectivity. The combination of our knowledge of optics and networking equipment enables ProLabs to be your single source for optical transport and connectivity solutions from 100Mb to 400G while providing innovative solutions that increase network efficiency. We provide the optical connectivity expertise that is compatible with and enhances your switching and transport equipment.

## **Trusted Partner**

Customer service is our number one value. ProLabs has invested in people, labs and manufacturing capacity to ensure that you get immediate answers to your questions and compatible product when needed. With Engineering and Manufacturing offices in the U.K. and U.S. augmented by field offices throughout the U.S., U.K. and Asia, ProLabs is able to be our customers best advocate 24 hours a day.
