

## OTR100P2\_CF-C

ECI Telecom® Compatible TAA Compliant 200GBase-DWDM CFP2 Transceiver (SMF, 1528.77nm to 1568.36nm, 80km, LC)

## **Features:**

- CFP MSA 1.0 Compliance
- Duplex LC Connector
- Single-mode Fiber
- Commercial Temperature 0 to 70 Celsius
- Hot Pluggable
- Metal with Lower EMI
- Excellent ESD Protection
- RoHS Compliant and Lead Free

# **Applications:**

- 200GBase Ethernet
- Access and Enterprise

#### **Product Description**

This ECI Telecom® CFP2 transceiver provides 200GBase-DWDM throughput up to 80km over single-mode fiber (SMF) using a wavelength of 1528.77nm to 1568.36nm via an LC connector. It is guaranteed to be 100% compatible with the equivalent ECI Telecom® transceiver. This easy to install, hot swappable transceiver has been programmed, uniquely serialized and data-traffic and application tested to ensure that it will initialize and perform identically. It is built to meet or exceed the specifications of ECI Telecom®, as well as to comply with MSA (Multi-Source Agreement) standards to ensure seamless network integration. This transceiver is Trade Agreements Act (TAA) compliant. We stand behind the quality of our products and proudly offer a limited lifetime warranty.

ProLabs's transceivers are RoHS compliant and lead-free.

TAA refers to the Trade Agreements Act (19 U.S.C. & 2501-2581), which is intended to foster fair and open international trade. TAA requires that the U.S. Government may acquire only "U.S. – made or designated country end products."

# **Regulatory Compliance**

- ESD to the Electrical PINs: compatible with MIL-STD-883E Method 3015.4
- ESD to the LC Receptacle: compatible with IEC 61000-4-3
- EMI/EMC compatible with FCC Part 15 Subpart B Rules, EN55022:2010
- Laser Eye Safety compatible with FDA 21CFR, EN60950-1& EN (IEC) 60825-1,2
- RoHS compliant with EU RoHS 2.0 directive 2015/863/EU

# **Absolute Maximum Ratings**

| Parameter                               | Symbol | Min. | Тур. | Max.      | Unit | Notes |
|---|--------|------|------|-----------|------|-------|
| Supply Voltage                          | Vcc    |      |      | 3.6       | V    |       |
| Input Voltage                           |        | -0.3 |      | Vcc + 0.5 | V    |       |
| RX Input Power                          | Prx    |      |      | 17        | dBm  | 1     |
| Operating Relative Humidity             | RHop   | 5    |      | 85        | %    | 2     |
| Storage Temperature                     | Ttrs   | -40  |      | +85       | °C   |       |
| Operating Case Temperature (long term)  | Tcase  | -5   |      | 70        | °C   |       |
| Operating Case Temperature (short term) | Tcase  | -5   |      | 75        | °C   |       |
| Storage / Transportation RH             | RHst   | 5    |      | 93        | %    |       |

#### Note:

- 1. This should be considered an operating fault condition experienced for only short timeframe and should not result in damage; above it could risk damage.
- 2. Constant humidity ratio of 0.026 kg water/kg dry air not to be exceeded according to GR-63.

## **Power Supplies**

| Parameter                                       | Symbol | Min. | Тур. | Max. | Unit | Notes |

#### **About ProLabs**

Our experience comes as standard; for over 15 years ProLabs has delivered optical connectivity solutions that give our customers freedom and choice through our ability to provide seamless interoperability. At the heart of our company is the ability to provide state-of-the-art optical transport and connectivity solutions that are compatible with over 90 optical switching and transport platforms.

### **Complete Portfolio of Network Solutions**

ProLabs is focused on innovations in optical transport and connectivity. The combination of our knowledge of optics and networking equipment enables ProLabs to be your single source for optical transport and connectivity solutions from 100Mb to 400G while providing innovative solutions that increase network efficiency. We provide the optical connectivity expertise that is compatible with and enhances your switching and transport equipment.

#### **Trusted Partner**

Customer service is our number one value. ProLabs has invested in people, labs and manufacturing capacity to ensure that you get immediate answers to your questions and compatible product when needed. With Engineering and Manufacturing offices in the U.K. and U.S. augmented by field offices throughout the U.S., U.K. and Asia, ProLabs is able to be our customers best advocate 24 hours a day.
